BRUSH CLEANER

THE IMPORTANCE OF CLEANING

Cleaning your brushes is a necessity if you want to protect your investment and ensure your brushes remain in excellent condition. We recommend giving them a deep cleaning on a regular basis. Brushes for cream and liquid products (e.g. foundation and concealer) should be spot cleaned more often.

HOW TO USE:

Wet your make-up brush. Apply a mild cleaning detergent, like a baby shampoo or liquid hand soap. Twirl the brush around to lather it up on the smaller knobs. Move the brush from side to side over the grooves to get rid of stubborn dirt. Rinse with clean water and let your brush dry on a flat surface.

Make-up Brush Cleaner

A moulded silicon brush cleaner that effectively cleans wet or dry brushes of all shapes and sizes, helping to keep them in peak condition. Size: 7.3 x 5.4 x 3 cm.
